

MEMORANDUM OF UNDERSTANDING

THIS Agreement is made 9/3/2025 (“Effective Date”)

PARTIES

1. **zenGate Global LTD** (hereinafter referred to as “ZGG”), incorporated and registered in Ireland, under company number [REDACTED], whose registered office is at Ground Floor, 71 Lower Baggot Street, Dublin, Ireland [REDACTED];
2. **SERA Bangladesh** (hereinafter referred to as “SERA”), incorporated and registered in Bangladesh, under company number ([REDACTED]), whose principal place of business is at, Corporate Address: House 23/A, Suite [REDACTED] Registered Address: [REDACTED] Bangladesh.
3. (individually, **ZGG & SERA** being a party and together the parties).

BACKGROUND

- A. **ZGG** is a global technology firm whose mission is to apply new blockchain technologies to bring financial inclusion and innovative tools for businesses in the commodities industry, to resolve existing problems for supply chains, market access and financing gaps.
- A. **ZGG** partners with global technology leaders and leverages innovative solutions like on-chain traceability and supply chain management.
- B. **SERA** is a a leading consulting and project management and implantation firm providing digital supply-chain solutions; leveraging traceability technologies to provide more transparency in the different sector (e.g. agricultural, Leather, plastics etc.) in Bangladesh.
- C. For this purpose (to collaborate on a test-concept during the UNDP Blockchain Accelerator Program with goals to establish easier ways of implementing blockchain technology in Bangladesh’s supply-chains), the Parties wish to enter into this MOU to set out the principles and terms of their proposed official strategic partnership and to agree the next steps in connection thereto.

NOW THEREFORE THE PARTIES AGREE AS FOLLOWS:

1. The Parties deem it necessary to set out in this MOU the potential areas of collaboration between them and the principles and terms of an official strategic partnership.
2. The Parties will outline partnership terms separately outside the MOU.
3. **Scope of MOU** will be as follows:

- 1. Participation by SERA in the UNDP Blockchain Accelerator Program as a local partner to ZGG.**

1. One representative from SERA Bangladesh may join selected key meetings, workshops, and activities during the program to provide local insights and contribute to pilot design and execution.

- 2. SERA will test ZGG's blockchain-powered traceability APIs (the Winter Protocol) to enhance traceability and transparency of data collected through SERA's trace platforms.**

1. SERA Bangladesh will integrate and test ZGG's *Winter Protocol* Traceability APIs (on preview net) within its existing traceability systems.
 2. ZGG will provide API access, documentation, and technical consultation for how to integrate. All blockchain-related processes will be abstracted, requiring only API / data usage by SERA Bangladesh.
 3. The test case will focus on validating system compatibility, develop a model and, in future phases, may explore mechanisms to enhance verification and transparency of SERA's traceability solutions.

- 3. Co-Marketing and Communications**

1. Both parties will collaborate on coordinated social media and marketing campaigns to highlight the pilot's outcomes and the value

of blockchain-enhanced traceability.

2. Communications may include joint posts via ZGG, SERA, EMURGO, UNDP, and other relevant channels.
3. Recognition will be given to SERA Bangladesh's contributions to the pilot, subject to prior mutual agreement on content.

4. Feedback and Continuous Improvement

1. SERA Bangladesh will provide feedback on the APIs and overall solution during and after the testing. This feedback will help refine the offering for broader application.

5. Piloting of Blockchain Enabled Traceability Solutions

1. ZGG will present the test-case during the UNDP Accelerator Program along with the UNDP Bangladesh Office.
 2. If a developed solution to extend the test-case is funded for UNDP Bangladesh's target value chains, ZGG and SERA will consider more formal collaborations, with SERA acting as a local implementation partner.
4. In furtherance of the aims set out above, the Parties agree to provide timely support, information and resources to each other, including facilitating interactions between relevant members of their respective teams, government departments and agencies and obtaining relevant information and feedback.
 5. The Parties agree that throughout their collaboration, they will adhere to statutory requirements and best practice and comply with laws applicable to each of them including data protection legislation.
 6. From the Effective Date and for a period of twenty four (24) months thereafter, each Party shall, and shall cause its representatives to, receive and maintain in confidence, and use only as necessary for purposes of its activities contemplated by this MOU and not reveal to any other person (other than its representatives who are actually performing its activities contemplated by this MOU), the Confidential Information delivered to it in connection with its activities contemplated by this MOU; provided, however, that this obligation shall not apply to (a) information that becomes generally available to the public without breach of

any confidentiality obligation owed to any of the Parties or their respective affiliates, (b) information previously known to such Party prior to its receipt from the other Party, (c) information which is made available to such Party by a third party who was under no obligation of confidentiality with respect to such information or (d) disclosure requested or required by law, government agency or any recognized stock exchange; provided that the disclosing Party shall notify the other Party of any such disclosure as soon as possible following the request for the information so that the other Party may seek to resist or narrow the scope or waive the request or seek to obtain confidential treatment of the information so disclosed. For the purposes of this MOU, "**Confidential Information**" means confidential or proprietary information (however recorded or preserved) belonging to either Party including information relating to the business, affairs, customers, suppliers, partners, potential market opportunities, operations, processes, product information, know-how, designs, trade secrets or software of either Party.

7. Each Party shall bear its own costs and expenditures incurred in connection with the preparation, negotiation, execution and implementation of this MOU. If any budget is available to conduct testing or piloting both parties will discuss and sign separate agreement for the project.
8. This MOU shall take effect on the Effective Date and shall terminate on the second anniversary thereof (or such other term as may be agreed in writing between the Parties) unless terminated earlier by either Party giving notice in writing to the other Party. Despite termination of this MOU, each Party shall remain bound by the provisions of Confidentiality for the respective periods contemplated in that clause.
9. This MOU constitutes the entire agreement between the Parties and supersedes and extinguishes all previous agreements, promises, assurances, warranties, representations and understandings between them, whether written or oral, relating to its subject matter.
10. Unless expressly stated otherwise, nothing contained in this MOU shall be deemed to constitute any Party a partner, joint venturer or employee of any other Party for any purpose, or to authorise any Party to act as an agent, servant or representative for any other Party.
11. No variation of this MOU shall be effective unless it is in writing and signed by the parties (or their authorised representatives).

AGREED by the parties on the date set out above.
