You don't often get email from ecopackarmeniafund@gmail.com. [Learn why this is important](#)

Dear Nelli,

Thank you for the opportunity to join the Plastiks.io initiative within the framework of the UNDP SDG Blockchain Accelerator. We appreciate your support in covering the registration and first annual cost.

We have reviewed the proposal and are pleased to **confirm our readiness to participate in this pilot project.**

We look forward to collaborating with you and Plastiks.io to strengthen transparency and traceability in recycling efforts, and to explore the potential of plastic credits for advancing our work.

Meanwhile there are minor revisions we would suggest to do in the Proposal:

Name of the foundation - "EcoPack Armenia Producers Responsibility" Foundation, EcoPack Armenia (short version). Officially registered in March 2025.

Please let us know the next steps regarding onboarding and training.

With best regards,

Mher Sahakyan

Executive Director

Ecopack Armenia Producers Responsibility Foundation
